

BRUDER 02692

VarioCar Green Area Irrigation

Safety information · Scale 1:16 · Suitable from 3 years

WARNING — CHOKING HAZARD

Not suitable for children under 36 months. This product contains small parts that could be swallowed or inhaled. Keep away from children under 3 years of age.

Contains a pressurised water tank. Fill with clean water only. Release the pressure by opening the lever before unscrewing the cap.

Age and supervision

Suitable from 3 years. **Not suitable for children under 36 months.**

- Adult supervision is recommended, particularly for younger children.
- This is a toy. It is not designed to carry a child's weight — do not sit, stand or ride on it.
- Keep away from stairs, roads, driveways and any drop where a child might follow the toy.
- Inspect the toy before each use. Stop using it if any part is cracked, broken or has come loose, as broken plastic can create sharp edges and small fragments.

Water and pressure safety

- Fill the tank with clean, cold water only. Never fill it with any other liquid — not soap, detergent, cleaning fluid, or anything flammable.
- Do not fill the tank to the top. The air gap above the water is what becomes pressurised.
- **Always open the lever to release pressure before unscrewing the cap.** Opening a pressurised tank can cause the cap to release suddenly and spray water.
- Do not over-pump. Stop pumping when resistance builds.
- Do not aim the sprinkler arm at faces, eyes, or at another person or animal.
- Do not use near electrical outlets, appliances, extension cords or powered equipment.
- Wipe up spilled water — wet hard floors are a slip hazard.
- Empty the tank completely after every session. Water left standing inside can support bacterial or mould growth.

Care and storage

- Clean with a damp cloth and mild soap. Dry thoroughly.
- Do not clean in a dishwasher, washing machine or microwave.
- Do not use solvents, bleach or abrasive cleaners.

- Do not leave in direct sunlight for extended periods — prolonged UV exposure can make plastic brittle over time.
- Store indoors, away from heat sources and open flame.

Standards and compliance

Manufactured by Bruder in Germany and the EU. This product conforms to ASTM, SOR and EN71 toy safety standards. Materials: plastic. Contains no batteries.

Keep this information

Please retain this safety information for future reference, along with the packaging, which carries the age grading and warning marks. If you have a question about this product, contact us before use.
